WELCOME TO KOOSKIA!

**Gateway to Idaho's Wilderness where: Neighbors are neighbors,
Families are Honored, and there are no strangers...only friends not yet met.**

Originally named Stuart, Kooskia is located in the upper Clearwater Valley at the confluence of the South Fork and Middle Fork of the Clearwater River. The Greater Kooskia area is surrounded by the Clearwater and Nez Perce National Forests plus the Selway Bitterroot Wilderness area which offers multiple opportunities for a relaxing vacation away from the crowds and traffic.

Nestled in the Clearwater River Canyon between the Camas Prairie and the Bitterroot Mountains at the junction of US Highway 12 and State Highway 13, Kooskia is 74 miles east of Lewiston, Idaho and 100 miles west of the Idaho-Montana border.

Itineraries

the purest of mountain air and water,
 spectacular scenery,
 and a neighborly welcome to visitors

Let Kooskia be a destination as you explore the Lewis and Clark Trail, a resfull stopover as you tour Idaho's Northwest Passage Scenic Byway, and a supply point for your backcountry adventures.

Kooskia's history has roots with the Nez Perce Indians, Lewis and Clark, and the tramway that moved the grain from the Camas Prairie to the local railheads.

US Highway 12 parallels the route traveled by the famous explorers, Lewis and Clark. It winds through the rugged Lochsa River Canyon and offers many camp sites and picnic areas with breathtaking beauty

Kooskia Days: A community celebration for the whole family, from a kick-off parade in the morning to a street dance in the evening.

White Water Rafting: The Selway and the Middle Fork Rivers feature big drops and tricky rapids

Backpacking: Miles of National Forest Trails beckon visitors to travel through shady forests and follow streams and rivers to windswept ridges and gem-like glades.

Forest Service Rentals: Find out what it would be like to stay in a lookout tower. The Forest Service has several of these lookouts and cabins for rent. Other accommodations include motels, resorts, inn, bed and breakfasts and beautiful RV Parks.

Snowmobile Rides and Cross Country Skiers: Will find a winter delight of unlimited miles of snow-covered trails, and all types of terrain. Skiers can follow slopes, open meadows and ridge tops.

ATV Trail Riding: Ride alongside hills and ridge tops covered with old growth timber, logging units with plantations of varying ages, high ridge meadows, and alder glens. Enjoy the wide variety of scenery with high ridge top views of Buffalo Hump, Gospel Peak, Pilot Rock, Corral Hill and the Camas Prairie. Trails are shared with elk, deer, moose, bear, cougar and a variety of small animals. Enjoy watching for grouse and turkeys.

Fishing: The Kooskia area is known for its world-class, clear sparkling rivers and high mountain lakes, which are home to steelhead, cutthroat, rainbow trout and other popular game fish species. A true fisherman's paradise.

Hunting: North Central Idaho boasts nearly half the statewide population for elk and whitetail deer. Hunters will find moose, bighorn sheep, mountain goats, cougar and black bear.

Kooskia has unlimited opportunities for the outdoor sportsman, a great meal, a comfortable place to rest and an all-around relaxing atmosphere.
